LANDCORP

The next generation of living is here Residential Lots

LandCorp's Innovation through Demonstration projects help push the boundaries for positive change to create a new, smarter, more efficient way of living. With only a \$5000 deposit required, act now to secure your preferred lot within this exciting and innovative living environment. A variety of lots are on offer with diverse outlooks, orientations and opportunities. A free consultation with the Estate's architect along with several builders offering affordable, energy efficient housing designs makes it easy to build your dream home in this superb location.

WGV will demonstrate the economic and social benefits of sustainable communities and set new benchmarks for the development industry. It will be WA's first open source, sustainable community - find out what this will mean for future residents. Go to www.landcorp.com.au/WGV for a price list and design guidelines.
