This comprehensively extended and remodelled home is beautifully presented and provides everything for the family and offers four bedrooms, two bathrooms, large central kitchen and sunken lounge and dining interconnecting with the outside alfresco area with built in pizza oven.

As you enter the you are greeted by a front foyer with two front bedrooms and the central hub kitchen, along with the main bedroom and renovated bathroom. An extension has been added to the 1950's house which has been cleverly designed with soaring high ceilings, gorgeous timber floors, slider doors and louver windows to capture the Freo DR breezes with excellent indoor / outdoor connectivity.

Specifically designed to provide a space for all family members the extension incorporates the large open living and dining area that overlooks a magical garden setting and alfresco decked patio with an expansive lawn & garden with shed, generous easy care gardens and a built in solid wood-fired pizza oven.
