

Large Contemporary Family Home

This contemporary property featured in a quiet cul-de-sac has all the luxury additions and features you could want in a home, including secure double garaging and still having room for off street parking.

Created with livability in mind, the design allows for the living spaces to be used in a variety of ways. Light open living areas inter-connect with verdant courtyards & double entry to the upper balcony, an electronically secured (with video) entrance way draws visitors into the foyer with soaring lofted ceilings & an abundance of natural light.

A unique angled open plan kitchen/living area is towards the rear of the allotment featuring a vast bank of north facing windows and vaulted ceilings, flowing seamlessly out to a lush established garden with flourishing paw paw, avocado, mango, guava and citrus trees. The kitchen is well appointed with stainless steel gas cooker, double draw dishwasher & quality cabinetry.

Bond: \$2,780
